Cathy,

I wanted to let you know that your workshop had made a big difference.

You identified his weaknesses and worked on those in particular.

We personally like the personal approach. What also helped was practice questions and exams.

We will see you back we the next one gets in Grade 5.

Hi Cathy,

Just want to let you know that Laura has been **accepted at Trafalgar School** and she is on the waiting list for **Villa Maria**.

We really wanted her to get into Villa, we still have hopes there are possibilities that they could give her a spot.

If not, we are happy as well with Trafalgar, it is also a great school.

As a testimonial, I could say that it was a great experience for Laura to be part of your high school preparation classes. It was extremely helpful for her anxiety. I like very much the idea of paying for a very reasonable package that included the 1st evaluation, the meeting with you, the classes, the exercises database and the 2 days seminar. Very complete!

Still I think, that we found you too late and we already had our vacations planned and it was not easy to study during that time and we missed the opportunity to attend your classes in the summer!!! Then when the school started, it was not easy to combine school homework plus preparation for exam and to attend your classes during the week after school (due that you were having the seminar during the weekends) was very difficult for us.

I will definitely recommend your services to my friends. And I will be looking for you once my other daughter Anna finishes Grade 4.

Thanks very much for all your help! I wish you the best things for your business.

Hi Cathy,
My daughter Emma recently attended your high school preparation courses and I'm happy to report that she got accepted at **Villa Maria** which was where she wanted to go. Thank you for the work you did in preparing her mentally to write these exams which are not easy for all grade 6 students.

Hi Cathy,
Maria as been accepted to **Villa, YEAH!** I think the program, more than anything, eased our daughter's nerves for the exam and especially for the essay writing.
Thanks a lot Stephanie - 2013 Edition
